Illmo. Snr:

Please pardon my writing in English but I am leaving tomorrow with a group of friends for the interior and I do not have time to compose in Portuguese and correct this note.

We have now been only a day and a half in Bahia and I have not had time to meet the men to whom Dr. Bernardino de Souza and his secretary by reason of your kind request gave me letters. I shall call upon them as soon as possible after my return.

Please accept my sincere thanks for the many kindnesses you extended to me during my stay in Rio. I shall remember with pleasure these courtesies and count your friendship among my prize possessions.

Should you have occasion to visit Bahia in the near future you will find me living at Penhao May, Avenida Sete de Setembro, 329. As previously indicated, we expect to remain over a year in Bahia. Mail will reach me addressed:

Cordially yours,
